JUDICIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 20th July 1892.

READ :—

Letter No. 70, dated 4th instant, from the Comptroller to the Government of Mysore, submitting for orders copy of letter No. 299, dated 29th June 1892, from the Inspector General of Registration, contending that the District Registrars of Mysore, in spite of the Government Notification No. 475, dated 14th March 1892, appointing Deputy Commissioners and Sub-Division Officers as ex-officio Inspectors of Registration, have powers of inspection and requesting therefore that the batta bill of the District Registrar of Mysore for the month of May 1892 may be passed.

No. 1024-44—J. 34, DATED BANGALORE, 20TH JULY 1892.

ORDER THEREON.—The Government agree with the Inspector General in his opinion that the appointment of Deputy Commissioners and Sub-Division Officers as ex-officio Inspectors of Registration, does not deprive the District Registrars of the powers of inspection which is inherent in them by virtue of their office. Section 68 of the Registration Act directs that every Sub-Registrar shall perform the duties of his office under the superintendence and control of the Registrar in whose District the office of the Sub-Registrar is situate, and, as observed by the Inspector General, superintendence and control necessarily carry with them the duty of inspection.

2. When appointing Deputy Commissioners and Sub-Division Officers as Inspectors of Registration by Notification No. 475, dated 14th March last, the Government had in view the inability of Treasury officers as District Registrars to do the necessary amount of inspection work without detriment to their other legitimate duties but there can be no objection to their inspecting the Sub-Registry offices whenever they can conveniently do so.

3. The Comptroller will therefore pass the batta bill of the District Registrar of Mysore for the month of May 1892.

T. ANANDA ROW,
Chief Secretary.

To—The Comptroller to the Government of Mysore with the batta bill referred to above.
The Inspector General of Registration.
The Deputy Commissioners of Districts.
The Sub-Division Officers.
The District Registrars.

EAD :—

Letter No. 986, dated the 25th February 1892, from the Deputy Commissioner, Bangalore District.

No. 331-2—R. F. 34-92, DATED BANGALORE, 7TH JULY 1892.

ORDER THEREON.—In the above letter, the Deputy Commissioner solicits the rders of Government regarding the restoration of the Kodagi Inams in the lakenhalli village of Vagata Hobli, Hoskote Taluk, to one Chikkegauda.

2. The facts of the case are briefly as follow :—

Kodagi Tank No. 41 of Makenhalli village was held by one Dyavegauda, and the lands below it were settled on him for life under the then rules on half assessment. After his death in 1879 or 1880 full assessment was demanded from Chikkegauda, the son of the deceased Kodagidar. He deposed on 12th November 1886 that the lands were out of his possession for the past 30 years, and that he and his brother (since deceased) knew nothing of the same, and that under an agreement the lands were managed by his uncle Viregauda, Patel of Makenhalli. The latter, however, denied the above allegation and stated that the lands were held by him and other raiyats who severally paid kandayam to Chikkegauda.

3. The matter was then referred to the Deputy Commissioner, who decided hat the amount due, *viz.*, Rs. 419—4—4, should be collected from the persons vho actually enjoyed the lands. They having paid the amount, Pattas were ssued in their names in 1887-88.

4. The Inams were subsequently enfranchised by the Inam Department on half assessment under the revised rules, in consequence of which Chikkegauda claimed their restoration ; but the Deputy Commissioner refused to grant he request, as he himself once declared that he had no possession of the lands nd refused to pay the assessment due on them.

5. The present appeal is against this order.

6. Although under the then rules in force the lands were resumed and nade over to third parties, and the petitioner thus lost all right to them, the Government consider that it would be equitable to allow him some benefit of the revised rules, and accordingly direct that the lands be registered in his name according to the settlement of the Inam Commissioner on half assessment, on the distinct understanding that he should not disturb the possession of persons in possession, but only levy from them full assessment at the Survey rates and pay half of the same to Government. The excess amount paid by the persons in possession in past years may be refunded to the petitioner. If any of the present possessors are entitled to a portion of the half assessment remitted in favor of the petitioner as Kodagidar on the ground of their being *hissedars*, they are at liberty to seek redress in the Civil Courts.

Circular No. 18—41, dated 2nd June 1892, from the Under-Secretary to the Government of India, Revenue and Agricultural Department, received with letter No. 2138—36-8, dated 27th June 1892, from the First Assistant to the Resident in Mysore, regarding the preparation of the Return of Agricultural Statistics.

I am directed to request that the following foot-notes may be added in the revised Form A. (Total acreage, classification of areas, irrigation, &c.) of the returns of Agricultural Statistics which was circulated with this Department's Resolution No. 19—20, dated 20th July 1891 :—

A2 (7).—*Crops irrigated.*—Enter the gross area of irrigated crops, areas cropped more than once being counted as separate areas for each crop.

READ :—

Docket from the Deputy Commissioner of the Kolar District, dated 26th June 1892, No. 1297—282, forwarding the report of the Special Officer Mr. Nanjundaiya on the subject of loans for Irrigation wells.

No. 555-7—R. F. 26-92, DATED BANGALORE, 12TH JULY 1892.

ORDER THEREON.—The statement forwarded with the letter read above is not in the form prescribed. It does not show the existing assessment of the area irrigable under each well.

2. The Special Officer Mr. Nanjundaiya has exceeded his powers in having granted loans without regard to the rule, that the annual repayment of the loan should not exceed Rs. 5 an acre of the irrigable area. The explanation he has given for having violated the rule is unsatisfactory, and the Government view his action in the matter with displeasure. The mistake committed by him should now be corrected as far as possible by increasing the number of instalments. For instance, in the case of Tavakal Bég in the Chintamani Taluk Rs. 200 has been promised to be lent on the condition of his repaying it in 2 years at Rs. 104—8—4, which is Rs. 35—3—4 per acre of irrigable area. In this case, the number of instalments must be increased, so as to make the annual payment less than Rs. 5 an acre. When the existing assessment of the land irrigable under the well is high, the annual payment must be as small as possible. The smaller it is the better.

3. There is nothing to prevent the debtor paying more than the sum stipulated each year. If he pays more, credit will be given for the same and the number of instalments or the amount of the instalments reduced.

4. The Deputy Commissioner is requested to revise the settlement on the foregoing principle, and submit a revised statement in the prescribed form, showing the irrigable area, the present assessment, the number of instalments, and the amount of loan repayable each year.

No. 1632-9—R. 249-92, DATED, BANGALORE, 28TH JULY 1892.

ORDER.—Some of the cases which have come before Government in appeal, show that the village accounts kept by Shanbhogs are not properly examined by the Taluk and District officials. Most of the difficulties, which are felt in clearing up the District balances and settling disputes connected with the transfers of holdings, arise from the confusion in the village accounts, and it should therefore be the particular duty of each Jamabandi officer to examine as many village accounts each year as possible. As a rule, every Jamabandi officer should carefully examine the accounts of at least 10 per cent of the villages of the Taluk taken up by him for the Jamabandi, and if he finds any errors of a general character, the same should be brought to the notice of the Deputy Commissioner, in view to general instructions being issued.

2. Amildars should also be directed to examine during their tours as many village accounts as possible each year and report the result to their immediate superiors. They should examine at least 10 per cent of the accounts of villages in their charge.

3. In the annual Revenue reports, the number of villages, the accounts of which have been examined in each Taluk by the Amildars and Jamabandi officers respectively, should be stated, together with the results of the examination.

4. When Shanbhogs attend the Taluk Cutcherry on business, the Taluk Sheristadars and Head Gumastas should examine as many accounts as possible, and the Shekdars should be held responsible for the accuracy of the accounts of all the villages in their charge.

Letter from the Deputy Commissioner, Chitaldroog District, dated 5th July 1892, No. 26—24

"With reference to Government Proceedings No. 2972-80—Cir. 29, dated 21st May 1892, and also to Government Proceedings noted in the margin, I have the honor to forward herewith a detailed statement of advances made up to 6th June 1892, on account of Irrigation wells in this District, received from Mr. B. G. Krishnaiengar with his docket No. 135, dated 12th June 1892, and duly verified in this office.

Proceedings No. 3185-95—Cir. 33, dated 25th May 1892
and
Proceedings No. 4015-23—Cir. 62, dated 4th June 1892.

2. The statement shows that the number of wells, new and old, for which loans have been sanctioned is 383, and that out of the sum of Rs. 80,000 allotted for wells in this District in the Proceedings of Government noted in the margin, loans amounting to Rs. 78,865 have been sanctioned up to 6th June 1892, leaving a balance of Rs. 1,135 still available for sanctioning additional loans.

No. 9798-803—Cir. 157, dated 12th December 1891
and
Camp No. D. 219, dated 5th March 1892.

3. The amount actually advanced to applicants on account of first instalment is Rs. 47,292—8—0, and on account of second instalment Rs. 6,800, total Rs. 54,092—8—0. There remains therefore a sum of Rs. 24,772—8—0 still to be paid out of the amount of loans sanctioned.

4. The time allowed for re-payment of the loans varies from 5 to 30 years, while the amount repayable varies from Rs. 5—1—7 to Rs. 58—10—6.

5. The average amount of kandayam per acre of the irrigable area varies from 2 annas 7 pies to Rs. 13—8—1, while the amount payable in liquidation of loan varies from 8 annas 6 pies an acre to Rs. 5—11—10.

6. The time granted for completing the wells varies from 6 to 12 months.

7. The progress made both in constructing new wells and in repairing old ones has not been as brisk as could be wished, and everywhere the complaint is that the supply of the requisite labor, especially stone Waddars, is not equal to the demand. This is true to some extent, for even the Public Works Department contractors import stone Waddars from British Territory for some of the large projects in progress. Nevertheless with better and more energetic supervision on the part of the Amildars, the progress of work on the wells ought to be more quick than it has been, and I beg to state that stringent orders on the subject have been issued to the Amildars.

8. As regards the amount to be advanced for wells in this District during the current official year (1892-93), I beg leave to suggest that Rs. 50,000 may be allotted."

No. 1919-20—R. F. 26-92, DATED, BANGALORE, 28TH JULY 1892.

ORDER THEREON.—The statement forwarded with the letter read above shows that advances for wells in this District have been made by the Special Officer Mr. B. G. Krishnaiengar with much care and discretion. The annual amount repayable by the raiyats is very moderate, and throughout less than Rs. 5 an acre of the irrigable area, except in 5 cases in which it is only slightly more.

2. The question of the allotment for 1892-93 will be settled when the budget is passed.

3. The Deputy Commissioner should use his best endeavours to secure the completion of the wells at an early date.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Chitaldroog District.
Mr. B. G. Krishnaiengar.

Notification No 86, dated 29th May 1892, directing the change of the Official and Revenue year from 1st April to 31st March, to from 1st July to 30th June.

No. 1795-803—R. F. 60-92, DATED 31ST JULY 1892.

ORDER.—The above notification is applicable to all purposes except those connected with the provisions of particular sections of the Land Revenue Code in which the words "Revenue year" are used. For the purpose of those sections (of which a list is appended for ready reference), the special definition of "Revenue year" as given in Section 3, Clause 21, of that Code should be adopted till alteration of the same by the promulgation of a new Regulation now under consideration. The Deputy Commissioners will be requested to issue express orders to Amildars to the above effect to prevent possible errors on their part, though the matter is one of that obvious nature which ordinarily should call for no express order regarding it.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioners of Districts.
The Superintendent of Revenue Survey.
The Legislative Secretary.

List of Sections of the Land Revenue Code in which the words "Revenue year" occur.

Letter from the President of the Bangalore City Municipal Commission, dated 9th July 1892, No. 68, recommending the grant of Vice-President's allowance to Mr. Annaji Rao to the end of May 1892 and stating that no allowance is necessary from 1st June 1892, the date on which he was relieved of the duties.

No. 1515-6—L. F. 46-92, DATED BANGALORE, 28TH JULY 1892.

ORDER THEREON.—Government observe that the belief of both Mr. Madhava Rao and Mr. Annaji Rao that the Vice-President's allowance would be continued to the latter had no reasonable foundation. The following extract from the Memo of the Deputy Commissioner approved of by Government would show that this is so:—"I would therefore propose that an Executive Engineer be "appointed on a salary of Rs. 150 a month. *The pay of this office may be met "from the savings of the Vice-President's allowance.* I may state that with the ap- "pointment of the Engineer and the City Amildar a separate Vice-President "will not be necessary. * * * I shall be glad to perform the duties "now devolving upon the Vice-President and when I am absent from head- "quarters, the Assistant Commissioner in charge of the Treasury, who is now "my Assistant for the supervision of Minor Municipalities will carry on the "work under my orders." The Government order on this proposal was as follows :—

"The proposals contained in the above are generally approved * * *
* * * * * * * *

"5. For the present Mr. Puttanna Chetti will continue to be Vice-President "of the Municipality. And when he may be relieved, the office of Vice- "President will not be filled up, the duties thereof being conducted in the "manner suggested by the Deputy Commissioner."

2. Government cannot see that there is anything ambiguous in the order quoted above nor that any interpretation can be put upon it, consistently with reason justifying the continuance of the Vice-President's allowance to Mr. Annaji Rao. They accordingly direct that the allowance drawn by Mr. Annaji Rao be forthwith refunded by him.

Correspondence ending with letter No. 2107—195, dated 11th November 1891, from the Inspector General of Forests, regarding the exchange of certain grazing lands between the Public Cattle Department on the one hand and the Revenue and Forest Departments of Mysore on the other.

No. 539-41—G. F. 59-92, DATED BANGALORE, 14TH JULY 1892.

ORDER THEREON.—It is remarkable that the area of Ummattur lands proposed to be given in exchange to the Public Cattle Department now reported to be 140 acres (the Commissary General says they would be about 150 acres) was first given as 90 acres by the Forest Department though these lands are surveyed and mapped at the Revenue Survey. This betrays a reprehensible want of care on the part of local officers in an important matter forming the subject of correspondence with the British Government.

2. As it appears from the Inspector General's letter that there is no objection to the proposals contained in the Commissary General's letter No. T.—1071, dated 18th July 1891, addressed to the Secretary to the Madras Government, these proposals will be accepted, and intimation given to the Madras Government in due course. The Inspector General of Forests and the Deputy Commissioner of the Mysore District will give due effect to the same. They are—

(1). For the Mysore Forest Department to have 200 acres of the Antarsante Kaval and the Kottige Kaval (about 70 acres) from the Public Cattle Department.

(2). For the Public Cattle Department to have in exchange bechirakh Karadiguppe village (about 291 acres) and Ummattur lands (140 or 150 acres) adjoining the Panjahalli Kaval of the Public Cattle Department, whereby the whole of the Ummattur lands lying between the Hunsur Market Forest road and Punjahalli Kaval will be annexed to the latter.

(3). The Mysore Forest Department will allow the paths which now exist and have been thrown open for the purpose in the Antarsante Kaval to be used by cattle for approaching the river.

(4). The Antarsante and Punjahalli Kavals, as reconstituted by the aforesaid exchanges, will be demarcated by the Revenue Survey Department and Revenue Survey maps furnished to the Forest and Public Cattle Departments at a very early date.

3. Of the Ummattur lands to be made over as above directed, a small area (No. 13, acres 3, guntas 24 assessed at Rs. 2) is cultivated and a Survey number (No. 14, area acres 8 and guntas 27, assessment Rs. 5) is Chakra Inam not cultivated. The Deputy Commissioner will take steps to acquire these lands, the occupants being duly compensated by other lands in exchange.

Letter from the Officiating Military Secretary to His Highness the Maharaja of Mysore, No. 599 of the 29th June 1892.

I have the honor to inform you that I have frequently pointed out to the Officer in charge of the Huzur Treasury that much inconvenience is caused to officers and men of the Barr Force by the constant urgent applications for guards to meet and escort treasure at the Railway Station.

I suggested to him that despatching officers should wire on the departure of treasure informing him of the fact. This, if at once communicated to me, would give me ample time to warn a guard, and would prevent any guards being unnecessarily warned, as telegrams would not be despatched until the treasure had actually started.

As, however, I continue to receive urgent applications for treasure guards, I now write to ask that a Government order be published directing that all Treasury Officers should wire, on despatch of treasure requiring escorts at Railway Station, direct to the Military Secretary.

No. 706-16—G. 199-92, DATED BANGALORE, 14TH JULY 1892.

ORDER THEREON.—The proposal of the Military Secretary is approved and will be communicated to all Treasury Officers through the Deputy Commissioners of Districts, for information and guidance.

No. 870-909—G. 237-92, DATED 14TH JULY 1892.

ORDER THEREON—In the above letter, the Compiler brings to notice the practice obtaining in certain Departments of using valuable English paper for manuscript copies of notices, &c., sent for publication in the Gazette. As such documents are not kept on the records of the Gazette Office but are destroyed, after the matter is published, there is no necessity for using superior paper.

The following letter No. 350, dated 13th June 1892, from T. R. A. Thumboo Chettiar, Esq., Inspector General of Prisons in Mysore.

I have the honor to forward for the consideration and orders of Government the enclosed letter (in original) No. 371, dated 13th ultimo, with its enclosures, from the Superintendent, Central Jail, Bangalore, recommending the release of life convict Ramegauda, No. 6920, on the ground of sickness. The case is a peculiar one and does not fall under the provisions of Rule 143 of the Jail Rules, copy annexed; but, having regard to the opinions and recommendations of two Medical Officers, I beg to submit the case for the orders of Government. The prisoner was acquitted of murder by the Sessions Court of Nagar and on appeal by Government, he was convicted by the Chief Court and sentenced to transportation for life. He has been in Jail for 7 years. The Superintendent of the Jail as well as the Senior Surgeon, to whom the matter was referred, are of opinion that there is no hope of the prisoner ever recovering from his illness, but that his life may perhaps be prolonged by his being allowed to remain at home in the midst of his relations.

ENCLOSURE.—Letter No. 371, dated 13th May 1892, from the Superintendent, Central Jail, Bangalore, to the Registrar, Chief Court, reporting for his special consideration of the Inspector General of Prisons the case of life prisoner Ramegauda, No. 6920, who has been suffering from paralysis of the lower half of the body since 30th September 1889 and who far from exhibiting any sign of improvement is practically getting worse and is also suffering from low fever and diarrhœa. He is unable to stand, or walk, the paralysis being complete both motion and sensation being affected. Considering his infirmity it is not likely that he will ever commit himself if released. Although his recovery is improbable, it is probable that his life may be prolonged in the society of his friends and his relations at home more than in Jail Hospital.

ORDER THEREON.—The Directorship of Statistics and Agriculture, as a separate appointment, will be abolished with effect from the date of Mr. R. Vijayindra Rao's delegation on Special duty under Order No. 2177-79, dated 8th May 1892.

2. All statistical returns and reports hitherto submitted to the Director of Statistics and Agriculture should be submitted to Mr. R. Vijayindra Rao during his employment on Special duty.

GENERAL

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 7th July 1892.

READ :—

(1). Letter No. F. D. 73, dated the 1st July 1892, from the Deputy Commissioner, Bangalore District, stating that only the Taluk of Devanhalli, parts of the Dodballapur Taluk and about 5 square miles near Nelamangala could be said to be still affected; that he had received reports of heavy rains in those Taluks; that coolies on Relief Works were kept on now with a view to complete the works in progress and not to afford employment to anybody wanting it; that there was no ground for anxiety, as, though the prices of food grains were still high, there was ample employment for the working classes, excepting perhaps Weavers, and that relief to these was being continued.

(2). Letter No. 1364-297, dated 3rd July 1892, from the Deputy Commissioner, Kolar District, stating that copious rains had fallen generally throughout the District; that from reports received from the Taluk officers and from his own observation, no part of the District could now be said to be affected, and that the few coolies who were still working on Relief Works were not in want of labor but had been engaged in order to complete the works which were too far advanced to be left unfinished, and recommending that the entire District be removed from the list of affected tracts; that the enforcing of the rule requiring the raiyats to maintain the minor tanks be deferred in the case of tanks now under progress, and that orders be issued for the completion of these as ordinary Revenue works out of the balance of the allotment made for Village Relief Works.

(3). Letter No. A, dated 1st July 1892, from the Deputy Commissioner, Tumkur District, stating likewise that as rain had fallen, no part of the District could now be regarded as affected; that no new Relief Works were required, and that those started where famine was apprehended, were being continued with the view of completing them.

(4). Letter No. 341—329, dated 1st July 1892, from the Deputy Commissioner, Shimoga District, stating that in his District, the Hoblis of Santebennur and Basavapatna in the Channagiri Taluk and the Kundur Magani of the Honnali Taluk should still be regarded as affected, though rain had fallen in those parts and prospects had improved.

(5). Letter No. 1, dated 1st July 1892, from the Deputy Commissioner, Chitaldroog District, stating that no part of the Hiriyur, Davangere and Holalkere Taluks is now affected, and that only 256 square miles consisting of the following tracts may be regarded as still affected :—

			Square Miles.
In Chitaldroog Taluk	...	...	16
In Chellakere do	...	...	32
In Jagalur do	...	...	16
In Molakalmuru do	...	...	192

No. D. 560, DATED BANGALORE, 7TH JULY 1892.

ORDER THEREON.—The reports read above show that all cause for anxiety regarding the prospects of the season in the Bangalore, Kolar, Tumkur and Chitaldroog Districts has now happily ceased. Small detached areas of 16 and 30 square miles, surrounded on all sides by prosperous tracts, cannot be regarded as "affected," merely on the ground that Relief Works already in progress have to be completed as ordinary works through the Revenue agency. Under such circumstances, the Government direct that the whole of the Province except the northern part of the Molkalmuru Taluk in the Chitaldroog District and the Devanhalli Taluk and part of the Dodballapur Taluk in the Bangalore District be removed from the list of "affected" areas.

2. The Deputy Commissioners will be requested to give their special attention to the early and satisfactory completion of all works in progress under their orders. The special rules of the Famine Code need not be applied to them any longer, except in the affected areas of north of Molkalmuru Taluk, Devanhalli Taluk and part of Dodballapur Taluk referred to in the preceding paragraph, but the works should be carried on to completion as ordinary Government works. No change should be made in the supervising agency employed,

ut the rates of wages should be those actually prevailing in the neighbourhood. The expenditure should be debited to the sanctions already given from Provinial Revenue.

3. In regard to minor tanks in hand, there should be no reversion without he express sanction of Government, to the custom of getting the earthwork lone by the raiyats. The Department of Public Works should be requisitioned by the Deputy Commissioners for the immediate completion of all masonry work to such tanks where the Revenue agency may not be able to get this done at once in a satisfactory manner. In order that the earthwork done may not be lost, it is necessary in most cases that the masonry work required should at once be completed either by the Revenue agency or the Public Works Department. Executive Engineers will therefore be directed in the Public Works Department to comply at once with any requisitions from Deputy Commissioners or completion of masonry work to the tanks in question.

4. Since the dates of the reports above read, much rain appears to have allen in the "affected" areas of Bangalore and Chitaldroog. The Deputy Commissioners of those Districts will be requested to report if those areas should onger be returned as affected.

5. The Deputy Commissioners should report also the dates from which urther advances to Weavers should cease.

READ :—

The following report on the condition of the Chitaldroog District for the fortnight ending the 30th June 1892, received with docket No. 9, dated 4th July 1892, from the Deputy Commissioner of Chitaldroog :—

There has been a great improvement in the prospects of the season during the fortnight under report in all the Taluks of the District including Molakalmuru where good rain has fallen since the 20th June. Most of the tanks in the District have received supplies of water varying from 1 to 6 months in addition to what they had already received. Agricultural operations are active throughout the District.

2. The quantity of rain gauged at the Taluk Head-quarters of the District during the fortnight under report was as follows :—

Taluk.	Inches.	Cents.
Chitaldroog	2	47
Challakere	1	21
Hiriyur	3	3[illegible]
Holalkere	1	33
Davangere	0	25
Jagalur	1	0
Molakalmuru	6	0
Hosdurga	0	89

3. STATE OF THE CROPS.—The wet crops under Kapile wells and streams as well as the Mungar dry crops which have been sown are in good condition throughout the District. Ragi, cholam, castor seed, black gram, green gram, yellu, avare, togari, sajje and sugar-cane were sown during the fortnight under report.

4. Vaisakha paddy and watered cholam were harvested in parts of Challakere, Molakalmuru and Jagalur Taluks, the out-turn being estimated at from 6 to 12 annas in the rupee.

5. SUPPLY OF FOOD GRAINS.—The supply of food grains is generally sufficient in all the Taluks of the District. Ragi and cholam were exported to various places in British Territory from the Taluks of Chitaldroog and Davangere.

6 PRICES.—There has been no marked change in prices during the fortnight under report. The market prices of different food grains at the Taluk Head-quarters of the District for the present and the past fortnights are given below .—

Taluk.	Present fortnight. Seers per Rupee.			Past fortnight. Seers per Rupee.

Molakalmuru	8	17	16	7¾	16	15
Hosdurga	9	24	24	9	26	23

The markets were generally well supplied.

7. SUPPLY OF FODDER AND WATER.—There has been an improvement in the pasturage for cattle during the fortnight under report, but the supply of dry fodder is still scanty in all the Taluks, except Holalkere, Chitaldroog and parts of Davangere and Jagalur. Cattle are being fed on date and kamara leaves in the Taluks of Challakere, Molakalmuru, Hiriyur and parts of Jagalur. The supply of water both for men and cattle is, however, sufficient in all the Taluks of the District.

8. DEMAND FOR LABOR.—Only 200 coolies were employed on the several Relief Works in the District on 30th June 1892. As reported in the previous fortnight the demand for labor is considerably on the decrease.

9. RELIEF TO WEAVERS.—Cloths to the value of Rs. 464—9—6 were purchased from the Weavers at Molakalmuru, during the fortnight under report.

10. GENERAL CONDITION OF THE DISTRICT.—The general condition of the people in the District is good. Cholera is subsiding in the Taluks of Davangere and Jagalur, but it has broken out in a few villages in the Molakalmuru Taluk. The condition of the cattle in parts where green grass is available is improving; elsewhere, it is the same as reported in the previous fortnight.

The following report on the condition of the Tumkur District for the fortnight ending the 30th June 1892, received with letter No. 136, dated 9th July 1892, from the Deputy Commissioner of Tumkur :—

iv. FODDER.—Fodder difficulty is gradually disappearing. Green grass is available.

v. WATER.—All the tanks in the District with the exception of a few big ones are full.

vi. DEMAND FOR WORK.—Raiyats are busily engaged in ploughing and sowing their fields. They are not in need of employment on Relief Works.

vii. GENERAL CONDITION.—Generally good. Fever, dysentery and small-pox have appeared here and there in the Taluk of Sira and the Huliyar Sub-Taluk.

READ :—

The following report of the General Assistant Commissioner, Tumkur District, on the condition of the Taluks of Maddagiri, Sira and Pavagada for the same period received with docket No. 147, dated 14th July 1892.

i. HARVEST.—Of the Vaisakha crop of the official year 1891-92 was completed during the fortnight under report.

ii. STANDING CROPS.—These are the young crops of mungar cholam, castor, ballar and chillies. They are in a thriving condition.

iii. CULTIVATION.—There was superabundance of rains in every part of the three Taluks of this range. It may now be safely asserted that almost all the tanks in the three Taluks have received supply of water sufficient for the cultivation of Kartika paddy. In many places the down pour was so heavy that it caused some damage for bridges and Irrigation works. Those lands which had been tilled and kept ready were sown with ragi after the fall of these rains. In other places ploughing operations are going on vigorously. The subjoined abstract will be interesting as it will show at a glance how suddenly the season turned quite favorable to agricultural operations :—

Reports are being received that good many tanks overflow their kodis. Darkhasts for lands for cultivation are pouring in. Amildars should dispose of them very promptly. Delay often takes place in unnecessary and dilatory correspondence between them and their Shekdars. I will devote my personal attention to the matter. Amildars are enjoined to note in their fortnightly reports the number of Darkhasts received and disposed of.

PRICES.—The improvement in the season had the effect of lowering the prices of food grains to some extent. Rice sold from 7½ to 10 seers a rupee and ragi from 20 to 22 seers a rupee. Abundant supply of grains had come to markets.

DRINKING WATER.—The difficulty in procuring drinking water has now ceased.

FODDER.—Green grass is growing luxuriantly. The price of straw has begun to go down.

The following report on the condition of the Chitaldroog District for the fortnight ending the 15th July 1892, received with docket, Camp No. 2, dated 20th idem :—

The prospects of the season continue to be favorable throughout the District. Good rain has fallen in all the Taluks during the fortnight under report and many tanks have received from one to four months' supply of water. Agricultural operations are proceeding most actively everywhere.

2. The quantity of rain gauged at the Taluk Head-quarters of the District during the fortnight under report was as follows :—

Taluk.	I.	C.	Taluk.	I.	C.
Chitaldroog ...	1	89	Davangere ...	2	20
Challakere ...	1	65	Jagalur ...	1	67½
Hiriyur ...	3	90	Molakalmuru ...	2	90
Holalkere ...	2	0	Hosdurga ...	1	10

3. STATE OF THE CROPS.—The standing dry crops, especially Mungar cholam, are thriving and the wet crops under wells and streams are in good condition. Ragi, togari, avare, navane, samè, chillies and sugar-cane were sown during the fortnight under report.

4. SUPPLY OF FOOD GRAINS.—The supply of food grains is sufficient in all the Taluks of the District. Ragi and cholam were exported to various places in British Territory from the Taluks of Chitaldroog, Holalkere and Davangere.

5. PRICES.—The prices of the principal food grains have slightly fallen at Chitaldroog, Challakere, Jagalur and Hiriyur; elsewhere there has been no marked change in prices during the fortnight under report. The market prices of the different food grains at Taluk Head-quarters of the District for the present and the past fortnights are given below :—

Taluk.	Present fortnight. Seers per Rupee.			Past fortnight. Seers per Rupee.

The markets were all well supplied.

6. SUPPLY OF FODDER AND WATER.—Pasture is improving, but dry fodder is scarce in all the Taluks except Holalkere, Chitaldroog and parts of Davangere and Jagalur. The supply of water both for men and cattle is however sufficient in all the Taluks of the District.

7. DEMAND FOR LABOR.—There was almost no demand for labor in the fortnight under report. There was ample employment available for the working classes not only in the fields but also on the Irrigation wells and Saguvali kattes which are in progress.

8. GENERAL CONDITION OF THE DISTRICT.—The condition of the people in the District is good and the condition of cattle is gradually improving.

PETITIONS.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 2601 OF 1891.

Decision, dated 10th July 1892.

Appellant.	*Vs.*	*Respondent.*
Chikkeregauda of Bindiganole, Nagamangala Taluk, Mysore District, represented by Mr. Advocate L. Srinivasaiengar.		Chikkegauda, represented by S. Nanjaiya.

According to the Register of 1867, Appellant's father Honnaligegauda was the Patel of Bindiganole. He resigned the office in 1873 and died shortly afterwards. In January 1876, Appellant claimed the office, but no notice was taken of his petition, and the Respondent's father a stranger was appointed temporarily in April 1876. He was however dismissed in December 1878 as he was found to be impertinent and negligent, and Appellant appointed in February 1881, on the condition of his living in the village. Respondent's father appealed, and the Government issued an order, dated 15th August 1882, that he (then Petitioner) might be appointed to the post, if there were no strong objections on the part of the villagers. In the Government order, it is noted that Appellant's father Honnaligegauda was also newly appointed. This remark is based on the statement of Honnaligegauda in 1878, that he was asked by the Shanbhog to do the duties of the office on the death of one Ramegauda, (who this Ramegauda was is not known). After this order, the Deputy Commissioner confirmed the Appellant in December 1882, and declined to appoint Respondent's father as he was hostile to the villagers. Appellant continued to do duties till November 1889, when the Sub-Division Officer, finding that Appellant did not permanently reside in the village, appointed Respondent as Patel. The appeal is against this order.

Appellant is now willing to reside in the village permanently and states that he has purchased a house.

The Government consider that the ground upon which Petitioner was removed is not such as to justify his absolute dismissal from office. The Deputy Commissioner will accordingly be requested to re-appoint him on the condition of his removing into the village forthwith and residing in it permanently. The Register of 1867 shows that the Pateli belongs to the family of the Appellant.

Letter No. 138, dated 10th July 1892, from the Deputy Commissioner, Tumkur District, to the Chief Secretary to the Government of Mysore.

No. 1206-13—P. F. 87, DATED 21ST JULY 1892.

ORDER THEREON.—In this case the Jamabandi Officer's Establishment was sent to the Taluk 12 days before the Jamabandi Officer went there himself, and the Taluk and village officials had apparently thus to wait on the establishment as well as on the Jamabandi Officer himself for a long time. There was no necessity for the establishment thus preceding the Jamabandi Officer, and the Government agree with the Deputy Commissioner in thinking that it would have been better if the Jamabandi Officer had taken his Accountants with him. The objectionable practice must be put a stop to.

PART I.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

JULY 1892.

Appeal No. 1559 of 1891-92.

Appellant.	*Vs.*	*Respondents.*
Gurumallaiya of Hiregowja, Chikmagalur Taluk.		1. Tammegauda. 2. Mahadevagauda, minor, brother's son of the 1st minor.

In the Pakka Potigi Settlement of 1874, the brother of the 1st Respondent and father of the 2nd Respondent (Lingegauda) was appointed Patel of Hiregowja, but he was dismissed in 1876 for having failed to keep dawk bullocks, and Appellant, who was his brother-in-law, appointed in his place.

2. In 1890, the Respondents brought a suit for the office and obtained a decree in their favor. The appeal is against this decision.

3. The Assistant Commissioner who decided the case held that the 1st Respondent was 21 years old in 1890 and that as the suit was filed in October 1890, it was not barred.

4. *Decision.*—It is contended that the finding of the lower Court in regard to the age of the 1st Respondent is not correct, but this finding is not material, since the 2nd Respondent, the son of the dismissed man, is still alive, and is undoubtedly entitled to the office. The only point for consideration is whether the 2nd Respondent's claim can be now considered, as his father who was dismissed in 1876 is still alive and is living with him (2nd Respondent). But considering the very trifling neglect for which he was removed, the Government see no objection to the 2nd Respondent who has attained majority subsequent to the institution of the suit, being appointed as Patel, and this will be directed accordingly.

No. 600—P. F. 56, DATED 6TH JULY 1892.

No. 322—P. 11, DATED 7TH JULY 1892.

ORDER.—Petitioner's claim is inadmissible. Murtuza has been the manager since 1884. The Government decline to modify the order already passed.

To—The Deputy Commissioner, Kolar District.

Appeal No. 78 of 1891.

Appellant.	*Vs.*	*Respondent.*
Srirangamma of Halasur, Heggaddevankote Taluk.		Virappa.

Appellant's husband who was Shanbhog died in August 1889. The 2nd General Assistant Commissioner appointed Appellant as Shanbhog, and the Respondent,

who was the brother of the deceased, as her Gumasta. The Deputy Commissioner on appeal appointed Respondent in February 1891, stating that he was an undivided member of the family, and ordered him to make a suitable allowance to the Appellant.

2. *Decision.*—There is nothing in the records to show whether the deceased and the Respondent were divided or undivided. The Deputy Commissioner will be requested to take evidence on this point and dispose of the case on its merits. If the deceased was divided, the General Assistant's decision is right. If he was undivided, the Deputy Commissioner's order must be upheld.

Appeal No. 393 of 1891.

Appellant.	*Vs.*	*Respondent.*
Nirganti Timma of Sipur, Kolar Taluk.		Muniya, son of Papa.

Appellant brought a suit for the office of Nirganti, held by the Respondent. Appellant and Respondent are of different castes. The General Assistant Commissioner decided in favor of the Respondent in March 1890 and the appeal is against this decision.

Decision.—The appeal should have been preferred to the Deputy Commissioner, who will now be requested to take this appeal on his file and dispose of it on its merits.

Appeal No. 46 of 4th July 1891.

Appellant .. Hanumantaraya, son of Narasanna of Tippenahalli, Dodballapur Taluk.

Petitioner's father was fined Rs. 15 on 21st January 1889 for having encroached upon Government land (44 square yards) and diverted a channel. In February 1890, a complaint was made by the Amildar that Petitioner's father did not stop the diversion of the channel, and the jamabandi officer held that there was no diversion of any channel, that he simply drained his land and that he (Petitioner's father) might be excused. The Deputy Commissioner ordered the fine to be collected in November 1890, Petitioner asked the Deputy Commissioner for the remission of the fine, but his request was finally refused on 7th April 1891. The appeal is against this order. The fine was paid before September 1891.

The land said to have been encroached upon is still in possession of the Petitioner and there are no complaints of third parties either about the encroachment or the alleged diversion of the channel.

Decision.—Under these circumstances, the Deputy Commissioner will be requested to refund the fine to the Petitioner. The entire land in his possession will be of course subjected to full assessment.

Petition No. 551, dated 24th June 1889, from Brahma Seshagiriyachari, Jodidar of Hanakola Inam village, Malvalli Taluk, Mysore District, appealing against the order of the Superintendent of Revenue Survey, dated 26th April 1889,

in re the boundary dispute between the Petitioner's village and the Government villages Ramegaudanpura and Kempanpura in the T. Narsipur Taluk.

No. 327—P. F. 16, DATED 7TH JULY 1892.

ORDER THEREON.—Mr. Ramaswami Iyer, Advocate for Appellant, stated, on the day of hearing, that he had received no instructions from his client and that he was not prepared to proceed with the appeal.

The appeal is struck off for default of prosecution.

To—The Superintendent of Revenue Survey.

Appeal No. 168 of 1891-92.

Appellant.	*Vs.*	*Respondents.*
Venkatasubbaiya, Bannur village, T. Narsipur Taluk.		1. Narasamma. 2. Timmannaiya, brother of No. 1.

In March 1878, 1st Respondent's husband, who was Shanbhog, died without issue. Appellant's brother, who was the deceased's grand father's brother's grandson, and the 1st Respondent claimed the office. In December 1878, the Deputy Commissioner decided that the claimants had no right to the office and ordered one Sanjivaiya, nominated by the 1st Respondent, to be appointed as "Government Gumasta." The Amildar however issued an order on 16th January 1879 to the 2nd Respondent, that he has been appointed Shanbhog, and that Sanjivaiya will do duties on his behalf. No authority for this order is forthcoming. Appellant claimed the office in 1883 by a Miscellaneous Petition, but it was rejected and he was ordered, in April 1884, to seek redress by a suit. He claimed again by a Miscellaneous Petition in 1889 and his claim was rejected. He brought a suit finally in September 1891 and it was dismissed by the Deputy Commissioner as barred by the Limitation Act.

2. *Decision.*—Appellant admits that he is a divided member of the family, and, as such, he has no right to claim the office while 1st Respondent, who is the widow of the last holder, is alive. The registry of the office in the name of the 2nd Respondent was unauthorized. It will, therefore, be transferred to the name of the 1st Respondent, who may appoint the 2nd Respondent as her gumasta. The Appellant may assert his claim after the death of the 1st Respondent.

No. 364—P. F. 26, DATED 7TH JULY 1892.

Communicated to the Deputy Commissioner, Mysore District.

Appeal No. 2719 of 1891.

Appellant.	*Vs.*	*Respondent.*
Nanjundaiya, adopted son of Devaiya, residing at Hosakere, Mandya Taluk.		Narnappa, residing at Hosakere.

Appellant brought a suit for the recovery of his office of Shanbhogi in the villages of Nelavagal and Kodihalli. These villages were held by Bhaskaraiya, the natural brother of the Appellant, up to 1886 when the Sub-Division Officer issued an order that as Respondent was the Barawardar, he should do duties, and that if Bhaskaraiya was entitled to the office, he might bring a suit. This order was confirmed by the Dewan.

The Respondent admits that the Appellant's alleged adoptive father was his grandfather's brother's son, but denies the adoption of the Appellant, and further states that the office is the self-acquired property of his own grandfather and that the Appellant is not therefore entitled to the office.

The Sub-Division Officer who tried the suit found the adoption to be proved, and as Respondent failed to prove that the office was the self-acquired property of his grandfather, decreed in favor of the Appellant. But the Deputy Commissioner reversed the decree on the ground that in 1864 Appellant's father is shown only as officiating for Respondent.

The appeal is against this Decree.

Decision.—Although the Register of 1864 shows that Appellant's father Devappa was doing duty for the Respondent, the Registers of 1847 and 1862 clearly show that Appellant was a hissedar or sharer, and held the office on his own right. The dismissal of the suit on the ground that Appellant did not hold the office on his own right is incorrect, and will be set aside, and the case will be remanded to the lower Appellate Court for disposal on the other merits of the case which have not been gone into.

Appeal No. 779 of 1891.

Appellant.	*Vs.*	*Respondent.*
Lakshmamma of Channangihalli, Hassan Taluk.		Narasimhachar.

Decision, dated 27th June 1892.

Appellant's husband was Shanbhog. He was convicted of criminal breach of trust and was sentenced to 2 years, rigorous imprisonment. He died in Jail in 1887. The Deputy Commissioner appointed Respondent, who is deceased's great granddaughter's brother's great grandson, subject to his giving maintenance to the Appellant. This order is dated 28th March 1891. The appeal is against this order.

2. At the hearing of the case, the parties failed to compromise agreeing (1) to allow Appellant's brother to do duties of the office for Respondent, (2) to divide the Potigi between Appellant, Respondent and the Gumasta, (3) to allow Appellant to adopt a son and to make over the hak to him, should the other Hissedars raise no objection.

3. The Razinama is accepted and it will be forwarded to the Deputy Commissioner for execution.

No. 367—P. F. 24, DATED 7TH JULY 1892.

Appeal No. 1164 of 1891.

Appellant .. Karadi Anantappa of Mysore.

Certain lands which stood in the names of Puttamma and Venkatravana Joisi were sold for arrears of revenue (Rs. 36) in February 1888 after due notice to Appellant whose brother had purchased the lands, but there having been no bidders, the lands were resumed by Government on 25th March 1888. Appellant paid the balance (Rs. 36-9-0) due on 17th March 1888.

2. In 1889-90, the resumed lands were sold out by Government and certain raiyats purchased them for Rs. 161 and they were made over to them in June 1889.

3. Appellant complained against the resumption in January 1890, and the Deputy Commissioner rejected his complaint as the lands had been already made over to others.

4. *Decision.*—The Appellant has shown no cause why the resumption of the lands which took place in 1888 after they were put up in auction should be cancelled. The decision of the Deputy Commissioner is confirmed. The money (Rs. 36-9-0) recovered from the Petitioner after the lands were put up in auction will be refunded to him.

No. 368—P. F. 23, DATED 7TH JULY 1892.

Communicated to the Deputy Commissioner, Hassan District.

Appeal No. 22 of 1891-92.

Appellant .. Sanna Siddegauda of Mugtihalli, Chikmagalur Taluk.

In 1890 Appellant encroached upon certain Government land and built upon a portion of it without orders. He was ordered to stop building, but he did not obey orders. The Deputy Commissioner finding that the land claimed by the Appellant was Government property, allowed the Appellant to have a portion of the land already built upon, on his paying Rs. 100 (the actual price of the land being Rs. 50) and ordered the remainder to be resumed.

The appeal is against this order. He relies upon an unregistered partition deed, dated 15th March 1889, executed between himself and his brother, to prove that the land claimed is his. The deed not being stamped or registered is not admissible, and even if it were, it is not at all conclusive evidence that the land claimed is his private property, this document having been executed only 10 months before the encroachment was brought to the notice of the Deputy Commissioner.

Decision.—The Deputy Commissioner's decision is correct and confirmed.

The Government will not however object to the remaining portion of the land resumed being sold to the Appellant for double the price fixed on it, should the Deputy Commissioner find that the Appellant will be put to inconvenience for want of this additional site as an adjunct to the building raised by him.

Appeal No. 120 of 1891.

Appellant.	*Vs.*	*Respondent.*
Sitabai, residing in Savadati, Dharwar Zilla.		Ganesa Rao, residing at Chandragutti, Sorab Taluk.

The claim is for the office of Pateli and Shanbhogi of certain villages in the Taluk of Sorab.

2. Respondent was appointed Patel and Shanbhog in 1873 at the request of Sakavva, the widow of the last male holder in the family. Appellant brought suit in 1888-89, she having attained her majority in 1881. The Deputy Commissioner dismissed the suit on the ground that the suit was barred by the Law of Limitation.

3. Appellant's chief contention is that under an agreement entered into in 1870 between the Appellant and Sakavva, the latter agreed to make over the office of Pateli to the adopted son of the Appellant if she should adopt one and that under that document, the claim is not barred. The Government observe that this document not being registered cannot be admitted in evidence. and even if it could be, the cause of action under that document has not yet arisen as the Appellant has not yet adopted a son.

4. *Decision.*—Under these circumstances the dismissal of the suit is correct, and is confirmed.

No. 370—P. F. 21, DATED 7TH JULY 1892.

Communicated to the Deputy Commissioner, Shimoga District.

Appeal No. 2141 of 8th December 1890.

Appellant .. Balegauda and others of Gantagonahalli, Kunigal Taluk, Tumkur District.

Eight acres of waste land assessed at Rs. 8 were sold by Government for cultivation on 21st January 1891 and one Narsegauda purchased it for Rs. 163. Petitioners who are the raiyats of the village were present at the auction but did not raise the bid. They now wish to have the sale cancelled on the grounds:—

(1) that a similar darkhast for the land was rejected in 1886;

(2) that they planted some gall-nut trees on the land;

(3) that there is a small pond in the land which was excavated by their ancestors.

2. The Amildar states that the land contains only 40 gall-nut trees, 20 about 3 years' old and 20 one inch high.

3. When the Amildar rejected the darkhast in 1886, he directed the Shekdar to direct the villagers to plant gall-nut trees and improve the land, but the villagers do not appear to have spent any money on the land.

4. *Decision.*—There is nothing in the circumstances of the case which renders the sale of the land for cultivation improper. The sale is confirmed and the appeal dismissed.

No. 371—P. F. 20, DATED 7TH JULY 1892.

Appeal No. 41 of 1891.

Appellant .. Mariyanna and Boraiya of Rayasandra, Gubbi Taluk.

In a sale held on 30th March 1891 for arrears of revenue, Petitioners purchased certain lands, but the sale was cancelled by the Deputy Commissioner, because attachment was made within 15 days from the date of service of notice on defaulter. The Government also observe that the sale was held within 30 days after the publication of the sale proclamation, which took place on 13th March 1891. The appeal is against the cancellation of the sale.

Decision.—Appellants who have been heard are unable to show reason why the sale should not have been cancelled. The appeal is therefore dismissed.

Appellant.	*Vs.*	*Respondent.*
Sinappa of Gunjur, Bangalore Taluk.		Sinappa.

Appellant requests that the order of Government dated 22nd December 1891 may be re-considered, but has shown no sufficient reason for the same. The Petition will therefore be rejected.

Appellant stated at the hearing that though the Respondent Sinappa is now enjoying the Inam, its assessment is deducted from his Potigi. The Deputy Commissioner will be requested to enquire into the matter and dispose of it. The full assessment of the inam enjoyed by the Respondent must be paid by him either to Government or to the Appellant. If he pays it to Government, its assessment should

of course not be deducted from the Potigi of the Appellant. If the Deputy Commissioner considers it necessary, a further report may be submitted on any point on which he considers orders necessary.

Petition Register No. 876, dated 20th June 1892 from Sakamma, Kasaba Gudibanda, praying that, as the Pattas of lands which were registered in her name two years ago, have now been, at the instance of her distant "gnati" named Chikkanna, ordered to be registered in his name, orders may be issued that the Pattas may stand in her name alone as before.

ORDER THEREON.—The Government see no sufficient grounds to re-consider the order already passed.

Nagaraddi of Rapte, Pavagada Taluk, Tumkur District.		Hanumantappa.

Appellant was Patel. He was dismissed by Government in 1881 for having aided a false charge. One Lingaiya, a stranger, was appointed in his place in 1883, but he, having been reported to be incompetent, was removed from office in December 1890, and Respondent was appointed. Appellant requested that the appointment might be given to his son or brother, and the Deputy Commissioner ordered him to file a regular suit. The appeal is against this order.

2. Lingaiya who was dismissed in 1890 also claims the office.

3. *Decision.*—The records show that none of the claimants are the original hakdars. One Rangappa was the original hakdar and on his dismissal in 1865, one Samaiya was appointed in his place. He resigned and Respondent's uncle Hanumantappa was appointed in 1868. On his death, Appellant was appointed in 1876. Under the circumstances stated above, the Government do not see any reason for interfering in favor of the Appellant. The appeal is dismissed.

Appeal No. 1814 of 1891.

Appellant .. Narnappa of Chikkabommasamudra, Bangalore Taluk.

Appellant purchased certain lands put up to auction for cultivation on 22nd January 1891 for Rs. 24, the sale notification having been published on 12th January 1891. The sale was confirmed by the Amildar in March 1891 and the land put in possession of the purchaser. On some complaint the Deputy Commissioner cancelled the sale on 22nd August 1891 on the ground that the sale took place within 30 days from the date of the publication of the sale proclamation and ordered the land to be re-sold. It was accordingly re-sold on 27th October 1891 and one Muniyappa purchased it for Rs. 29. The appeal is against the 2nd sale of the land.

Decision.—The cancellation of the sale being according to the rules, the appeal is dismissed.

Channappa of Chenchenkuppe, Magadi Taluk.		Kempegauda, represented by Pleader Subba Rao.

Certain land (49 yards × 24 yards) which had been in the possession of Respondent subject to the payment of "Hulhittal" kandayam was included in the village site during the Survey. It however continued to be in the possession of the Respondent, but was sold by Government in May 1890 when Appellant purchased it for Rs. 30.

2. On the complaint of the Respondent, the Sub-Division Officer directed, in August 1891, that Rs. 30 may be received from the Respondent and the land made over to him, but the Amildar having reported that he failed to pay the money on the 1st September, the date fixed by him, the Sub-Division Officer confirmed the sale on 9th September 1891. Respondent sent the money on 1st September by Postal order, which was received by the Amildar on the 5th September and the Deputy Commissioner excused the delay in the arrival of the money into the Treasury and cancelled the sale on 26th October 1891.

3. The present appeal is against this cancellation of the sale.

4. *Decision.*—The Government consider that the cancellation of the sale was quite proper and dismiss the appeal.

Subbaiya of Mugalur, Hoskote Taluk, Bangalore District.		Venkatramaiya.

In October 1880, Appellant requested that his office of Shanbhog for his 5 villages may be registered in the name of his adoptive father's daughter's son, the Respondent. This was sanctioned in February 1881 subject to report after 4 months. Subsequently, Appellant and Respondent quarrelled but at last came to an agreement in July 1888, that the village Mugalur should be registered in the name of Appellant's real brother's son Sampangi Ramaiya (Appellant having been adopted into another family) and that the other 4 villages be registered in the name of Respondent. But the Deputy Commissioner refused in August 1888 to sanction the agreement on the ground that the father of Sampangi Ramaiya had himself said that he had no right to the office in question. Appellant claimed all the 5 villages in 1890 and the Deputy Commissioner rejected his claim on 8th March 1890. The appeal is against this order.

2. At the hearing both the parties filed a Razinama, agreeing to abide by the *Karar* of 1888 with a slight alteration in regard to the debt payable on the Jodi village of Kugur.

3. *Decision.*—The Razinama will be forwarded to the Deputy Commissioner with a request that he will register the offices according to the agreement.

No. 977—P. F. 69, DATED 17TH JULY 1892.

Communicated to the Deputy Commissioner, Tumkur District.

Appeal No. 71 of 1891.

Appellants.	*Vs.*	*Respondents.*
1. Virupakshappa. 2. Bishtappa, son of the 1st Appellant by the 2nd wife, of Kerehalli, Sorab Taluk.		1. Sivappa, son of 1st Appellant by the 1st wife. 2. Mahadevappa, son of the 1st Respondent. 3. Sankarappa, son of the 1st Respondent. 4. Lingappa, son of the 1st Respondent. 5. Manjappa, Gumasta of No. 4 who is a minor.

The 1st Appellant was Shanbhog of 12 villages. In 1873, the 1st Appellant and his eldest son the 1st Respondent divided their property and executed a Partition deed which is duly registered. According to this Partition deed 1st Appellant was to get the Shanbhogi of 6 villages in addition to some other property and it was stipulated that the share of the 1st Appellant should go to his son by the 2nd wife. In 1877 all the 12 villages were registered in the name of the 1st Respondent. The records relating to this registration are not now before Government. In the Pakka Potigi Settlement of 1879, all the 12 villages were registered in the names of the 1st Respondent and his sons. First Appellant sent a Petition dated 1st January 1879 claiming the 6 villages according to the Partition and saying that he was unable to attend owing to some difficulties in connection with the processes of Civil Courts. He was ordered to appear in person, but he having not so appeared, the registry was made in the names of the 1st Respondent and his sons by the Potigi officer on 25th February 1879, which registry was confirmed by the Deputy Commissioner on 7th March 1881. The 2nd Appellant is stated to be 10 years old in the Petition above mentioned, dated 1st January 1879.

2. The Appellants brought a suit in December 1890 for only * 4 villages, the other two being stated to be in his possession, and the Assistant Commissioner dismissed it on the ground that it was barred by the Law of Limitation. This decision was confirmed by the Deputy Commissioner, which is now appealed against.

*1. Sampagode.
2. Tekkur.
3. Tavanandi.
4. Bendekuppa.

3. The Appellant's contention is that the cause of action arose in 1879 when the villages were registered in the names of the Respondents and that the suit is not barred.

4. 2nd Appellant states that he had possession of the Service Inam lands of the 4 villages under notice till the Pakka Potigi Settlement and that he has still their possession, that the office had no other remuneration till the Potigi was fixed, and that therefore the cause of action arose when the Potigi was fixed in 1878-79. The 1st Respondent, while admitting that the Service Inams are now under the enjoyment of the Appellants, denies their enjoyment prior to the Potigi. The Deputy Commissioner is requested to take the evidence on this point, and dispose of

the case on its merits, if the Appellant really held the Service Inams up to the Potigi Settlement in 1878-79.

ORDER THEREON.—In April 1890, Petitioner felled some trees and removed some stones that were on a certain land in the Gendamadu village for which he was fined Rs. 10 by the then Sub-Division Officer. The report now submitted by the Deputy Commissioner with his letter read above shows that the land in question belongs to Petitioner.

2. Under these circumstances the Government direct that the fine imposed (Rs. 10) on Petitioner be refunded to him.

Appeal No. 167 of 1891-92.

Appellant .. Subbamma of Kottur, Pavagada Taluk.

Certain lands which were in the Khate of Appellant's husband's brother's widow were relinquished in 1879-80. In 1890-91 Appellant applied for them and

the Appellant's son-in-law who was then officiating as Shanbhog certified that there were no buildings on the land. On this the darkhast was granted; but, before the land was put in possession, it having been discovered and proved that there were some trees on the land and cut by Appu Rao, the Assistant Commissioner ordered the land to be sold. It was accordingly sold finally in October 1891 when one Hanumanta Rao purchased it for Rs. 60. The appeal is against the sale. Appellant states that the land is situated amidst her lands irrigated by a private tank of her own, and requests that they may be given to her on a valuation under para 5 of Section 20 of the Revenue Rules.

Decision.—The Government do not think that Petitioner is entitled to any consideration and her appeal is dismissed. If she wanted the land she should have bid for it.

Appeal No. 42 of 1891.

Appellant .. Mallegauda of Gabbadi, Kankanhalli Taluk, Bangalore District.

Petitioner was fined Rs. 60 for having cultivated certain land assessed at Rs. 6-12-2 without authority for nearly six years. Petitioner admitted before the Taluk Sheristadar that he cultivated the land for 5 or 6 years with the permission of the Shanbhog and that he paid no assessment to him or to Government. He now states that he paid a share of the produce to Shanbhog and appeals against the fine imposed.

Decision.—This is nothing to support the statement of the Petitioner. His appeal is therefore dismissed. The fine is within the limit prescribed in Section 59 of the Land Revenue Code.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 23rd July 1892.

READ :—

The following Note by the Chief Engineer, dated 23rd March 1892, on the **Preliminary Issue of the Public Works Budget Estimate for the year 1892-93.**

1. The Budget Estimates for the year 1892-93 aggregate Rs. 29,33,803, the Final grant for 1891-92 having amounted to Rs. 31,78,000. The difference Rs. 2,39,197 is principally due to the reduction of grant under District Fund Budget, as sanctioned by Government and to the short assets available under Provincial Irrigation Fund, there being only Rs. 2,13,000 against Rs. 3,71,000 of the previous year (*vide* Statement III). The Budget Estimates comprise the following funds :—

	Rs.
Provincial Fund	22,00,000
District Funds	5,15,303
Provincial Irrigation Fund	2,13,000
Palace Fund	5,500
	29,33,803

PROVINCIAL BUDGET.

2. The grant for this Budget has been fixed at 22 lakhs, but Rs. 10,90,000 or nearly one half of this amount has been set aside for Original Irrigation Works, and the cost of establishment chargeable thereto, and the same will, as usual, be treated as a grant-in-aid to the "Provincial Irrigation Fund." The balance Rs. 11,10,000 has been reserved for Provincial works proper, and the distribution of the same by service heads is shown in abstract, pages 1 and 2.

3. ***Original.***—Under Military, provision has been made for 5 incomplete works and for 3 new major works, in consultation with the Military Secretary with allotments aggregating Rs. 50,000 including Rs. 2,500 for new minor works. Under "Repairs," the usual allotment of Rs. 5,000 has been made for the maintenance of the existing Military buildings. The total grant under Military amounts therefore to Rs. 53,000 against Rs. 48,000 for 1891-92. Many of the old lines now in occupation by the Military force, are in a dilapidated and insanitary condition, and it would be well if possible to assign a much larger annual grant for this purpose than has hitherto been feasible so as to house all the troops properly in as short a time as possible. This could not be done out of the usual Public Works grant. A forecast statement of proposed outlay for 5 years under this head, has been submitted to Government, whose orders thereon are awaited. It has further to be noted that a proposal has recently been brought forward for removing altogether the Bangalore Silahdar lines and stables from the site they occupy just above the Dharmambudhi tank, to a new and in every way more suitable site to the north of the station. This change, which commends itself on sanitary and general grounds, will involve a large immediate outlay, which the ordinary annual Military assignment cannot possibly meet, and must therefore be provided for by a special grant.

4. Under "Civil Buildings," the allotments assigned for the various works amount to Rs. 2,12,000 including the lump sum reserve grant for minor works. Of this sum, the incomplete major works alone have absorbed not less than Rs. 1,42,000. The balance excluding the amount reserved for minor works, *viz.*, Rs. 36,000, provides for 5 new dispensaries, 2 Police stations (Major works) in Hassan District, 1 new Taluk Cutcherry at Hosdurga, improving the Treasury buildings at Mysore, and extending the Government High School at Kolar. The Sanitary Engineer reports that projects for the marginally noted buildings, ordered by the Dewan, are under preparation; but owing to funds being limited, they could not be provided for in this Budget. Should any of these works be sanctioned hereafter, special application for the requisite allotments will be made to Government.

1. Constructing Offices for—
   (1). Town Magistrate and Vice-President.
   (2). Superintendent of Police.
   (3). Police Station.
2. Constructing 3 houses along Viceroy's road as residence for Native Officers.
3. Providing accommodation for the office establishments of—
   (1). Comptroller.
   (2). Inspector General of Police and Forests.
   (3). Military Secretary.
   (4). Education Secretary.

5. Of the sum of Rs. 33,600 reserved for minor works, Rs. 18,000 will be set aside for Police works such as Police stations and lines, and the balance will be reserved for works of

general utility, such as, additional accommodation for in-patients in some of the dispensaries and in pushing on to completion the several incomplete minor works which have not been specially provided for. Place could not be found unfortunately for such undoubtedly useful works as "a tiffin room for the Central College at Bangalore," and "a latrine for the High School at Tumkur," requisitions for which have been received from the Departmental officers concerned. They must stand over till funds become available.

6. Under "Communications" Rs. 1,19,000 have been provided. Of this amount, Rs. 80,000 have been allotted for **15** incomplete major works, most of which are nearing completion. The only important works under this head for which large allotments have been made are the bridge across the Bhadra at Balehonnur, and the new roads over the west and north-west glacis of the Fort of Mysore, for which Rs. 25,000 and Rs. 15,000 respectively have been provided. Both these works are expected to be completed during the year.

Provision has also been made for a new Travellers' Bungalow at Gersoppa Falls, and for improving the Bungalow on Kodachi Hill. The necessity for more buildings of this class has been urged by several officers, but owing to want of funds, it has not been possible to meet their demands in this respect, though it must be admitted that a dozen or so new Inspection Lodges and 2 or more new Travellers' Bungalows in selected localities are a distinct desideratum for administrative purposes. Although a project for bridging the Cauvery river at Yedatore brought forward in previous years is now ready, provision for the same has had to be struck out in view of the numerous other pressing requirements which could not well be eliminated in favor of the Yedatore bridge.

7. The provision under "Miscellaneous Public Improvements" for the year aggregates Rs. 1,77,000 against Rs. 2,46,000 of 1891-92. More than one lakh is proposed to be expended on works connected with the Mysore Town improvements and water-supply. *Vide* detail Budget, but even this sum will not meet the many requirements of the capital. A sum of Rs. 20,000 has been assigned for the water-supply of Bangalore City, the project for which is now under consideration. For the drainage and water-supply projects for the town of Shimoga, the allotments as provided for, *viz.*, Rs. 10,000 for the former and Rs. 5,000 for the latter are considered sufficient for the present.

8. Under "Irrigation" Rs. 10,90,000 have been set apart, as already stated in para 2, and the same will, as usual, be treated as a grant-in-aid to Provincial Irrigation Budget. Of this amount, Rs. 8,78,000 are for original works and Rs. 2,12,000 for establishment charges. Further remarks on Irrigation works will be found in paras dealing with that Budget.

9. ***Repairs.***—The provision under this head stands at Rs. 3,50,000 which is nearly the same as that for 1891-92.

10. Under Communications, a sum of Rs. 2,98,000 has been provided, of which Rs. 2,50,155 is for the maintenance of 1,734 miles of Provincial main and branch roads detailed in Budget pages **54** and **55**. The mileage allotments for the marginally noted roads have been slightly increased, the same being considered necessary for the efficient maintenance of these roads, on which there is always very heavy traffic. The Executive Engineer, Kadur Division, has suggested the desirability of transferring to Provincial the **4** miles of the Anemahal-Mudgere road lying between its junction on one side with the Anjur, Gonibid-Belur and on the other side with the Kadur-Mangalore road between Mudgere and Bidarhalli. There being no objection to the above proposal, it has been accepted. This necessitated some alteration in the nomenclature of the Anjur, Gonibid-Belur road, which has been changed to Mudgere-Belur road *vid* Gonibid. After completion of the Belur bridge, this route will become probably the main line to the Bhund ghat.

MYSORE DIVISION.

Bangalore-Nilgiri road from Rs. 170 to Rs. 180.
Mysore-Manantoddi road from Rs. 120 to Rs. 150.

BELUR RANGE.

Ramavat-Belur road from Rs. 80 to Rs. 100.

11. For the maintenance of the Travellers' Bungalows, Inspection Lodges and Musafarkhanas all over the Province and for the repairs of such of the Provincial roads that require to be dealt with specially, a sum of Rs. 47,845 has been provided.

12. The provision of Rs. 7,000 under Miscellaneous Public Improvements is required for the annual maintenance of Sankey's Tank in Bangalore and Kukarhalli Reservoir at Mysore, and for other works of this kind.

DISTRICT FUND BUDGET.

13. The grants as sanctioned by Government under this Budget for the several Districts, for works to be carried out by the Public Works Department aggregate Rs. 5,15,303 against the Budget grant of Rs. 5,80,000 of the previous year. The distribution of this grant by service heads and by Divisions is given in abstract pages 8 and 9. The works and allotments provided for in the various Budgets correspond with those sanctioned by Government in the General Department and they do not call for any special remark here.

PROVINCIAL IRRIGATION FUND BUDGET.

14. In the statement furnished by the Comptroller of Mysore, the assets under Irrigation cess proper available for expenditure during 1892-93 are estimated at Rs. 2,13,000 against Rs. 3,70,000 of 1891-92. On account of this falling off (the cause of which has not been explained) the grant-in-aid from Provincial Fund had to be increased to provide for the large number of irrigation works in progress. The total Budget grant including the grant-in-aid of Rs. 10,90,000 from Provincial Funds referred to in para 2, amounts to Rs. 13,03,000 against Rs. 13,10,000 for 1891-92. Of this sum, Rs. 8,78,000 have been allotted for "Original Works." Rupees 1,76,306 for "Repairs" and the balance Rs. 2,48,694 for establishment.

Allotments aggregating Rs. 27,000 have been provided for the 3 new large reservoirs now in progress in the Kolar Division, *viz.*, Venkatesasagara, Ramasamudram and Srinivasasagara. Large sums have been assigned for other important Irrigation works, such as the Borankanave in Tumkur Division (Rs. 35,000) Hulhalli channel and Rampur channels in the Channel Division, one lakh and Rs. 20,000 respectively. Sulikere tank in Mysore District Rs. 25,000, Sulikere tank and channels in Channagiri Taluk, Shimoga Division, Rs. 15,000, extending North channel Sriramdevara channel in Hassan Division Rs. 30,000. Owing to funds not being available several new works brought forward by Executive Engineers have not been included in the Budget, but as these undoubtedly useful works, mainly tank restorations should not if possible be postponed at this time, when the demand for work for relief purposes is likely to intensify, a special Extraordinary Budget providing for them is under preparation.

For Original Minor Irrigation works Rs. 36,000 have been provided or an average of Rs. 3,600 for each Division.

Under Repairs a sum of Rs. 1,76,306 has been provided including Rs. 39,340 required for the annual repairs of 823½ miles of river channels in the Mysore and Hassan Districts.

ESTABLISHMENT.

15. The total charges under this head aggregate Rs. 5,18,000 against Rs. 5,15,000 for 1891-92. The slight increase is chiefly due to Mr. McHutchin having been given promotion to the local rank of Executive Engineer, 1st Grade, in January 1892, and to the pay of the Sanitary Engineer having been raised in accordance with Government Proceedings No. 5350—675 of 5th December 1891.

The details regarding establishment will be found in Part III of Budget pages 66 to 69. Although the revised scale of Engineers now under consideration and the probable change in Secretaryship that will take place during the year will affect to some extent the charges now budgetted for, it is considered premature to forecast as yet what increases or reductions will result therefrom.

The establishment charges are 17·5 per cent on the total grant of Rs. 29,33,803. The charges are rateably distributed to the several Budgets as shown below, (the Palace Budget excepted) :—

			Rs.
Provincial Fund	...	...17 per cent	... 1,77,000
„	Irrigation Fund ...	do	... 2,48,694
„	District „ ...	do	... 92,306

GENERAL REMARKS.

16. Under "Palace Fund" Rs. 3,000 under "Original" and Rs. 2,500 under "Repairs" are required for unforeseen minor works and repairs necessary to the Palace buildings during the year under report.

3. The following Note by the Chief Engineer, dated 23rd May 1892, submitting a supplemental list of important works for which provision has not been made in the Preliminary Budget submitted on 23rd March 1892.

I beg to submit herewith a supplemental Budget or supplemental list of works which, though very desirable to undertake this year, it was not possible to find room for, in my original Preliminary Budget, which was based on the grant of 22 lakhs.

When preparing that Budget I had to eliminate from the several Divisional Budgets a number of works, brought forward by the several Executive Engineers, though most of these, tank restorations chiefly, commended themselves for sanction, in pursuance of the policy to gradually restore all the tanks in the country.

But apart from the desirability of most of these works on their own merits, several of them have, since the preparation of the Preliminary Budget, been literally forced on me for sanction, because of the demand for relief works. To postpone them to the future would have been unwise in such an emergency, but they must now be provided for by a supplemental grant.

The total supplemental grant now proposed amounts to Rs. 2,10,000, of which Rs. 1,41,000 for "Irrigation."

To bring down this figure to Rs. 1,41,000, I have been obliged to strike out of the list some desirable projects, such as the new tank at Shampaganhalli in the Koratagere Sub-Taluk, and the new tank at Nidsala, Kunigal Taluk, plans and estimates for which are now before me. They must simply stand over till next year. There are a few others too which, to keep down this demand for funds, must be postponed. In these cases, however, it does not make much matter, as the projects have not yet been developed.

Of "Civil Buildings" for which funds in addition to the sanctioned grant are absolutely required, the three first on the list have actually been already sanctioned and ordered. Of the others, the residence for the Educational Secretary at Mysore, and the residence for the Lady Superintendent of the Maharani's Girls' School can of course be postponed to the future if the Darbar wish, but the fourth on the list, ward for women waiting for confinement at the Lying-in-Hospital at Mysore, having been strongly recommended by the Senior Surgeon last year, had better be taken in hand at once.

Original Works	6,58,000
Establishment	1,69,000
Total. ...	8,27,000

2. A regular Budget for the entire period of 12 months ending with 30th June 1893, will be prepared and sanctioned as early as possible. This Budget (which should be the final issue for 1892-93) will be in supersession of the Provisional Preliminary Budget sanctioned in the preceding paragraph, and the total grant for it from Provincial Funds will if necessary be increased to 24 lakhs of rupees, that is to say 16½ lakhs sanctioned in the Provisional Preliminary Budget and 7½ lakhs hereafter to be sanctioned.

The regular Budget should provide:—

1*st*, for all works unfinished on 30th June 1892;

2*ndly*, for new works entered in the Preliminary Budget 1892-93 received with the Chief Engineer's Note, dated 23rd March 1892;

and 3*rdly*, for other new works in accordance with the instructions contained in the following paragraphs;

3. *Military Buildings.*—A programme of the works most urgently required and proposed for execution during the next five years should be drawn up in the Public Works Department in consultation with the Military Secretary. A similar programme previously prepared had to be returned for revision as it did not include the large project (subsequently approved) for the removal of the Bangalore Silahdar lines to a more eligible locality. After sanction obtained to the revised programme, a beginning towards its execution should be made in the current year.

4. *Civil Buildings.*—Of works in the Preliminary Budget, No. 22, "Improving and adding to the old Treasury Buildings at Mysore," against which Rs. 50,000 is entered, appears to require further investigation. The estimates submitted had to be returned owing to the doubtful character of the foundations of the existing building. Additional accommodation is urgently required for establishments under the Deputy Commissioner at Mysore and this should be provided as early as possible. The cost of it will, it is hoped, be much below Rs. 50,000 entered in the Preliminary Budget. The works in the Mysore Special Improvements Division specified in para 4 of the Chief Engineer's Note of 23rd March 1892, must lie over for the present. The Civil Buildings entered in the supplemental list received with the Chief Engineer's Note of 23rd May 1892, are approved. The funds required for them amount to Rs. 23,500. The small buildings required for Central College, Bangalore, and High School, Tumkur, (see para 5 of Chief Engineer's Note of 23rd March) should also find a place in the regular Budget.

5. *Communications.*—Inspection Lodge at Chiknayakanhalli and extension of southernmost road of Chamrajpura (*vide* supplemental list) are approved. The proposed bridge at Yedatore is an important work which should not be delayed any longer; the Government desire it commenced in the current year. The site selected for the bridge together with the estimate of its cost should be submitted for sanction at as early a date as possible.

6. *Miscellaneous Public Improvements.*—Several of the works entered in the Preliminary Budget, in the Special Improvement Division, require further investigation as to their real usefulness. The sanction of Government should be obtained as regards each of these works whatever the amount of their estimate. It is probable that so large a sum as a lakh and quarter will not be required for expenditure in this Division during 1892-93. On the other hand, the provision made in the Preliminary Budget for the water-supply of Bangalore and Shimoga is quite insufficient. These pressing works should be taken in hand at a very early date and completed as quickly as possible. As regards the Bangalore water-supply, it is perhaps not possible to do much before the receipt of the orders of the Government of India regarding the future of Sankey's Reser-

voir, but there is nothing to prevent the immediate execution of the proposed improvement of the feeder to the Dharmambudhi Tank.

7. *Irrigation.*—The 74 works in the supplemental list of 23rd May 1892, for which a grant of Rs. 1,41,000 is asked, may all be entered in the regular Budget. The additional grant-in-aid required to Provincial Irrigation Fund, will be sanctioned out of the 7½ lakhs indicated in para 2 above, as available from Provincial Revenues for the Public Works Department Budget of the year over and above the 16½ lakhs sanctioned in the provisional Preliminary Budget.

8. The Government desire that the regular Budget in accordance with the foregoing instructions should be submitted for its orders at least two weeks before the next Dasara.

9. The Government has given its best consideration to the question of adopting the Codal rule elsewhere prevalent of excluding from the Budget all but sanctioned estimates. The balance of convenience, for reasons stated by the Chief Engineer in his Note of 29th April 1892, points to a continuance of the present system under which, in rare instances, unsanctioned estimates are allowed a place in the Budget. The Government accordingly resolves to continue the present system, but at the same time directs that a separate list be maintained in the Public Works Department Secretariat of all *unsanctioned* estimates entered in the Budget, and that from time to time the sanction of Government be obtained before the actual execution of any work entered in that list. All sanctions to the Budget as a whole must be held to operate subject to this Rule.

10. The Public Works Department will also maintain and submit to the Government with the Budget (Preliminary or Final) a list of all sanctioned estimates under all heads of service, which it has been found impossible to enter in the Budget owing to the insufficiency of the funds available.

11. The Preliminary Budget (in print) should be before the Government by the 1st May of each year at the latest.

By Order,

D. McNEIL CAMPBELL, Lt.-Col., R. E.,
Secretary to the Government of Mysore,
Public Works Department.
